

Galt Enterprises, Inc. Announces Integration with CDK Global's Lightspeed DMS

CLEVELAND, OH (September 25, 2015) – Galt Enterprises, Inc. ("Galt") announced today that its F&I Online dealer platform is now integrated with CDK Global's Lightspeed Dealer Management System (DMS). Powersports, RV and Marine dealers using the Lightspeed DMS and Galt's F&I Online can now benefit from a real-time interface between the two systems. This reduces redundant data entry, improves accuracy and speeds the process of selling F&I products.

Galt Enterprises, Inc.'s F&I Online is an interactive web portal for dealers. Dealers use it to create and submit applications and claims online. Additionally, they can create menus, download forms, view reports and order supplies. Dealers are able to click a button within Lightspeed to send deal information to F&I Online to create applications for the products they are selling.

Galt Enterprises, Inc. offers the Xtremegard Powersports line of products. Xtremegard is a full line of powersports products to meet all the F&I needs of a dealership. These products include Service Contracts, Prepaid Maintenance, GAP and other ancillary products.

CDK Global specializes in dealer management solutions for the powersports, marine, and RV industries in the United States and Canada. CDK Recreation's Lightspeed solutions provide dealership principles greater insight into their business and better connections to their customers. Lightspeed solutions touch every area of the dealership including Parts, Service, Sales, Accounting, Rental, and Marketing.
